## Product Description:

The USB AM To Type-C connector means that this cable is ideal for transferring data as well as charging your devices. With a transfer rate of up to 480Mbps, you can quickly and easily move files between your phone and computer or other devices.
This USB 2.0 Cable USB A TO Type-C comes in two sizes, 1M and 2M, so you can choose the length that best suits your needs. Whether you need a shorter cable for on-the-go use or a longer cable for use at home or in the office, this cable has you covered.
The USB 2.0 Cable USB A TO Type-C is small and convenient, making it easy to carry with you wherever you go. With its compact design, you can easily slip it into your bag or pocket, so you always have a charging cable on hand.
With an input of 5V, this USB AM To Type-C cable is capable of charging your devices quickly and efficiently. Whether you need to top up your phone's battery before heading out or keep your tablet charged during a long flight, this cable is up to the task.
Overall, the USB 2.0 Cable USB A TO Type-C is a reliable and versatile charging cable that is perfect for Android phone users. With its Type C USB connector, fast transfer rate, and compact design, this cable is an essential accessory for anyone who wants to keep all their devices powered up and ready to go.
