Color	Black/white
USB Port	Type C USB
USB Type	USB AM TO Type-c
Certifications	CE,ROHS, FCC, REACH, ERP, PSE, ISO, BSCI
Keywords	Type C USB Cable
Output	2.1A

### Applications:

Jizhi's USB A To Type-C cable is a versatile product that can be used for a variety of purposes and in different scenarios. The cable is a USB 2.0 Cable that is suitable for use with a wide range of devices, making it a convenient and practical accessory to have on hand. One of the primary applications of the Jizhi USB A To Type-C cable is for charging and syncing mobile devices. The cable can be used to connect a smartphone or tablet to a computer or a USB charger, allowing for fast and efficient charging. The USB A To Type-C connection is particularly useful for newer devices that feature a Type-C port, which is becoming increasingly popular in smartphones, tablets, and laptops.

In addition to mobile devices, the Jizhi USB A To Type-C cable can also be used to connect other peripherals, such as printers, scanners, and cameras. The cable is available in various lengths, ranging from 0.5M to 3M, making it suitable for use in different scenarios. The cable is also available in both black and white colors, allowing users to choose the color that best suits their needs.

The Jizhi USB A To Type-C cable is certified by CE and ISO9001, ensuring that it meets the highest standards of quality and safety. The cable is also compliant with FCC and ROHS standards, making it a reliable and safe choice for users. The cable is manufactured in Dongguan, China, where Jizhi's factory produces a range of other products, such as HUBs, cables, converters, docking stations, phone/laptop holders, and adapters.

Jizhi's RD engineers are rich experienced, ensuring that the USB A To Type-C cable is designed and manufactured to the highest standards. With its versatility, practicality, and reliability, the Jizhi USB A To Type-C cable is an essential accessory for anyone who wants to stay connected and productive.
