Product Description

Customized Black USB 2.0 Cable USB A To Type-C For Android Cars Charger

Product Description:

This USB A To Type-C cable is an essential accessory for all Android phone users. It is designed to provide a high-speed data transfer rate of up to 480Mbps, which ensures that you can transfer large files quickly and easily. The USB AM To Type-C connector is compatible with all USB Type-C devices, making it a versatile accessory for all your devices.

The USB A To Type-C cable is made from high-quality materials such as PVC, TPE, PU, TPU, Silicone, and Magnetic PVC. This ensures that the cable is durable and long-lasting. The cable is also designed to be small and convenient, making it easy to carry around with you wherever you go. It is the perfect accessory for people who are always on the move.

The USB 2.0 Cable USB A TO Type-C for Android Phone is also designed to be easy to use. Simply plug the USB A end into your computer or wall charger and plug the Type-C end into your Android phone or device. The cable is also reversible, which means that you can plug it in either way, making it very easy to use.

Overall, the USB 2.0 Cable USB A TO Type-C for Android Phone is a must-have accessory for all Android phone users. Its high-speed data transfer rate, durable construction, and ease of use make it the perfect accessory for all your data transfer and charging needs. So, why wait? Get your USB A To Type-C cable today and experience the convenience of fast data transfer and charging!
