Basic Information

- Place of Origin: Dongguan, China
- Brand Name: jizhi
- Certification: CE,ROHS
- Model Number: USB AM TO Lightning
- Minimum Order Quantity: 3000
- Delivery Time: 2-5 working days
- Supply Ability: 300000 pieces of production capacity per month

Product Specification

- Theoretical Maximum Transmission Speed: 480Mbps (about 60M/S)
- Maximum Output Current: 0.7-0.9A
- Interface: Micro USB
- Manufacturer: Computer Peripherals
- RD Engineers: Experienced
- Applicable Length: 0.5M 1M 1.2M 1.5M 1.8M 2M 3M
- Product Name: Nylon Braided USB 2.0 Cable USB AM TO Lightning
- Product Category: USB 2.0 Cable
- Highlight: reach certified usb a to lightning cable, ce usb a to lightning charging cable, usb 2.0 usb a lightning cable

Product Description

White USB 2.0 Cable USB A To Lightning iPhone Charging Cable

Product Description:

Our USB AM To Lightning cable is CE, ROHS, FCC, REACH, ERP, and PSE certified, so you can be sure that you're purchasing a product that meets the highest safety standards. Whether you're transferring data or charging your device, you can rest assured that our cable is safe and reliable.

At its core, this USB 2.0 Cable USB AM To Lightning is designed to be compatible with all Apple mobile phones. Whether you have an iPhone, iPad, or iPod, you can use this cable to charge your device or transfer data. It's the perfect solution for anyone who needs a reliable and efficient cable for their Apple mobile phone.

One of the best things about our USB AM To Lightning cable is that it's completely customizable. We offer OEM/ODM support, so you can work with our team to create a cable that meets your specific needs. Whether you need a longer or shorter cable, a different color, or a different design, we can work with you to create a product that fits your needs perfectly.

Overall, if you're in need of a high-quality USB 2.0 Cable USB AM To Lightning, our customizable product is the perfect solution. With its fast theoretical maximum transmission speed, certifications, and compatibility with Apple mobile phones, you can be sure that you're purchasing a reliable and efficient product. And with our customizable design options, you can create a product that meets your specific needs perfectly.

Features:

Product Name: USB A To Lightning

Design: Customizable

Compatibility: Apple Mobile Phones

Material: PVC / TPE / PU / TPU / Silicone / Magnetic PVC

RD engineers: Experienced

USB Type: USB AM TO Lightning

Technical Parameters:

Product Category	USB 2.0 Cable USB A To Lightning
Maximum Output Current	0.7-0.9A
Applicable Length	0.5M 1M 1.2M 1.5M 1.8M 2M 3M
USB Type	USB AM TO Lightning
OEM/ODM Support	Customizable
Theoretical Maximum Transmission Speed	480Mbps (about 60M/S)
Compatibility	Apple Mobile Phones
Function	Fast Charging
RD Engineers	Experienced
Design	Customizable

Applications:

The Nylon Braided USB 2.0 Cable USB AM To Lightning is designed specifically for Apple mobile phones, making it the perfect choice for iPhone, iPad, and iPod users. It comes in a range of lengths, including 0.5M, 1M, 1.2M, 1.5M, 1.8M, 2M, and 3M, ensuring that you can find the right length for your needs.

Whether you need a cable for charging your device or syncing data, the USB AM To Lightning cable is up to the task. Its durable design means that it can withstand wear and tear, making it a reliable choice for everyday use. The Nylon braided exterior also makes it more resistant to tangling and damage from bending.

Some of the most common occasions and scenarios where you might need a USB A To Lightning cable include:

Charging your iPhone, iPad, or iPod

Syncing data between your device and your computer

Transferring photos and videos from your device to your computer

Connecting your device to a power bank or other charging device

Overall, the Jizhi Nylon Braided USB 2.0 Cable USB AM To Lightning is an excellent choice for anyone who needs a reliable and durable cable for their Apple mobile device. Whether you're a student, professional, or just someone who needs to stay connected on the go, this cable is up to the task.

Support and Services:

The USB A To Lightning product is designed to provide users with a reliable and efficient way to connect their Lightning-enabled devices to USB-A ports. Our product technical support team is available to assist with any questions or issues related to the product, including compatibility, setup, and troubleshooting.

In addition to technical support, we offer a range of services to ensure the optimal performance and longevity of the USB A To Lightning product. These services include software updates, firmware upgrades, and repair or replacement options if necessary.

Our goal is to provide customers with a high-quality product and exceptional customer service. If you have any questions or concerns regarding the USB A To Lightning product, please do not hesitate to contact our technical support team.

Packing and Shipping:

Product Packaging:

The USB A To Lightning product will be packaged in a compact box made of recyclable materials to reduce waste. The box will include the USB cable and a user manual.

Shipping:

The USB A To Lightning product will be shipped in a padded envelope to ensure safe delivery. Shipping options will include standard and expedited shipping, and customers will receive a tracking number to monitor their shipment.
