#### Applications:

Jizhi's Type-C To Lightning product is a versatile and reliable solution for various occasions and scenarios that require fast charging and data transfer capabilities. This product is perfect for people who own Apple devices like iPhones, iPads, and iPods, but also use laptops or computers with Type-C ports.

This product can be used in a wide range of scenarios, including home, office, travel, and more. It can be used to connect your Apple

device to a laptop or computer for data transfer, or to a wall charger or power bank for fast charging. It's also great for connecting your Apple device to other devices like a HUB, docking station, or phone/laptop holder, to enhance your work or entertainment experience. The Jizhi Type-C To Lightning product is made with high-quality materials and has undergone rigorous testing to ensure that it meets all necessary certifications, including CE and ISO9001. It is manufactured in Dongguan, China, and has the necessary certifications like CE, ROHS, FCC, REACH, ERP, PSE, etc., and has been audited by ISO and BSCI.

This product supports a maximum charging power of 9V2.4A, which means that it can charge your Apple device quickly and efficiently. This is especially useful in situations where you need to charge your device quickly, such as when you're on the go or need to use your device for an extended period of time.

The Customized White USB 2.0 Cable Type-C To Lightning for iPhone Charging from Jizhi is a reliable and high-quality product that can be used in a wide variety of scenarios. Whether you're at home, in the office, or on the go, this product is a great choice for fast charging and data transfer. With its Type-C To Lightning functionality, you can easily connect your Apple device to a variety of other devices and accessories, making it an essential tool for anyone who uses Apple devices on a regular basis.
