

Nylon Braided USB 3.0 Type-C TO Type-C Cable wide compatibility C To C USB Cable

Our Product Introduction

Basic Information

- Place of Origin: Dongguan China
- Brand Name: Jizhi
- Certification: CE / ISO9001
- Model Number: Type-c TO Type-c

Product Specification

- Theoretical Maximum Transmission Speed: 5Gbps
- Maximum Supported Charging Power: 5V1A 9V3A 12V5A 20V5A 48V5A
- Applicable Length: 0.5M 1M 1.2M 1.5M 1.8M 2M 3M
- Material: PVC / TPE / PU / TPU / Silicone / Magnetic PVC
- USB Type: Type-c TO Type-c
- OEM/ODM Support: Customized
- Highlight: **wide compatibility usb c to usb c 3.0,
nylon braided c to c usb cable ,
type-c to type-c 3.0 cable oem**

Product Description

Nylon Braided 0.5M 1M 1.2M 1.5M 1.8M 2M 3M USB 3.0 Cable Type-C TO Type-C Fast Charging

USB 3.0 Cable Type-C to Type-C has become an important choice for connecting modern electronic devices with its high-speed transmission capability and wide compatibility. Whether it is data transmission, charging or video transmission, it can provide efficient and stable services.

Purpose:

1. Data transfer: Used to transfer files between two Type-C interface devices at high speed, such as connecting a computer to an external hard drive to transfer large-capacity videos, photos or music.
2. Charging: Used to charge Type-C interface devices using a Type-C charger, and the charging speed is faster than USB 2.0 cables.

Features:

1. High-speed transmission: The theoretical transmission rate of the USB 3.0 interface can reach 5Gbps, which is 10 times faster than the 480Mbps of the common High Speed USB (USB 2.0), and surpasses IEEE 1394 and eSATA, providing extremely fast data transmission speed¹.
2. Versatility: The Type-C port can transmit data, charge, connect to external displays, and as a video output port to connect to external display devices, one interface can achieve multiple functions. The full-featured Type-C port supports audio, video, data, network, and charging (>65W), making it a very versatile interface

Our service

Premium Material:

With a high-quality PVC surface, this cable is more durable, tangle-free, and long-term clean and new, no sweat, no fingerprint, and no dirty.

Product name	USB 3.0 Cable Type-c TO Type-c
Maximum supported charging power	5V1A 9V3A 12V5A 20V5A 48V5A
Connector	USB 3.0 Cable
Length	0.1m 0.3m 0.5m 0.8m 1 m Customized
Function	Fast Charging
Theoretical maximum transmission speed	5Gbps
Material	PVC / TPE / PU / TPU / Silicone / Magnetic PVC

Our factory was professional in designing, making and exporting the products of computer peripherals, the products includes: HUB, Cables, converters, Docking station, phone/ laptop holders, adapters, etc

We have rich experienced RD engineers whom can design popular products to meet with market tendency in the world.

All of our products can pass the certifications of CE,ROHS, FCC, REACH, ERP, PSE, etc, also the products has audited by ISO, BSCI which enable us to produce high quality products with fast delivery all the time.
