

USB4.0 type-c supports high-speed data transmission of 40Gbps, PD48v5A (240W) high-power power supply, 8K ultra clear video transmission

Our Product Introduction

for more products please visit us on jizhidatacable.com

Basic Information

- Place of Origin: Dongguan China
- Brand Name: Jizhi
- Certification: CE / ISO9001
- Model Number: Type-c TO Type-c
- Minimum Order Quantity: 2000
- Delivery Time: 5-7 working days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: Monthly production of 150000 pieces

Product Specification

- Theoretical Maximum Transmission Speed: 40Gbps
- USB Type: Type-c TO Type-c
- Premium Material: With A High-quality PVC Surface, This Cable Is More Durable,tangle-free, And Long-term Clean And New, No Sweat, No Fingerprint, And No Dirty.
- Video Output Support: 3840*2160 120HZ 8K
- Product Category: USB 4.0 Cable
- Product Name: USB 4.0 Cable Type-C TO Type-C 0.5M 1M 1.2M 1.5M 1.8M 2M 3M Fast Charging
- Function: Fast Charging
- Highlight: 2m type-c to type-c usb 4.0 cable,
0.5m 4.0 usb type c to usb type c,
iphone 15 tvoe c to c cable

Product Description

1. Product Overview:

USB 4.0 cable is the latest generation of universal high-speed data transmission cable, supporting faster data transfer, higher bandwidth, and stronger device compatibility. Based on the USB4 protocol, this cable is compatible with Thunderbolt 3 and USB 3.2 devices, making it suitable for various application scenarios such as high-performance displays, external storage devices, and docking stations.

2. Main features:

Ultra high speed transmission:

Supports data transfer speeds of up to 40Gbps, suitable for transferring large files, 4K/8K videos, and high-speed peripheral connections.

High power supply:

Supports 240W (48V/5A) PD (Power Delivery) fast charging for laptops, tablets, and other devices.

Multi functional extension:

Supports multiplexing of video, charging, and data, while also connecting displays, storage devices, and other USB devices.

High resolution display:

support 4K@120Hz or 8K@30Hz Video output provides an immersive visual experience.

Powerful compatibility:

Backward compatible with USB 3.2, USB 2.0, and Thunderbolt 3 devices, connecting different devices without changing cables.

Durable design:

Adopting high-strength woven outer skin or high toughness PVC material, it has anti bending, anti insertion, anti-interference performance, and long service life.

Plug and play:

No need to install drivers, supports hot swapping, and facilitates users to quickly switch devices.

3. Technical parameters:

Interface type: USB-C to USB-C

Transmission speed: 40Gbps

Power supply capacity: Supports 240W PD fast charging (48V/5A)

Video support: Highest 8K@30Hz

Cable length: 0.5 meters, 1 meter, 2 meters (customizable)

Material: High strength woven/high toughness PVC

Compatibility: Compatible with MacBook, iPad Pro, Windows notebook, mobile phone, external hard drive, monitor and other devices.

4. Application scenarios:

Connect the laptop to the docking station to achieve multi interface expansion.

High speed transmission of large capacity data, suitable for video editing, 3D rendering and other scenes.

External 4K/8K display provides high-resolution visual experience.

Provide stable fast charging support for high-power devices.
