Applications:

Jizhi's Type-C To HDMI product is an ideal solution for those who need to connect their Type-C devices to HDMI-enabled displays such as TVs, projectors, and monitors. This HDMI 1.4 Cable Type-C To HDMI is certified by CE and ISO9001, ensuring that it is of high quality and meets international standards. The product is made in Dongguan China and is available in three lengths: 1M, 1.5M, and 2M. The Type-C To Type-C design allows for seamless connections between compatible devices, making it perfect for use with MacBooks, Chromebooks, and other Type-C devices. The material used for the cable is PVC+nylon braiding or aluminum alloy, making it durable and long-lasting.

Whether you're giving a presentation, streaming a movie, or gaming, this HDMI 1.4 Cable provides excellent video output support with a resolution of 3840*2160 30HZ 4K. This means you can enjoy high-quality visuals without any lag or distortion.

Some of the occasions and scenarios where this product can be used include:

Business presentations: This Type-C To HDMI cable is perfect for connecting your laptop to a projector or large display screen during a business presentation. The high-quality video output ensures that your presentation looks professional and polished.

Home entertainment: You can use this HDMI 1.4 Cable to connect your laptop or other Type-C devices to your TV or home theater system. This allows you to enjoy your favorite movies, TV shows, or games on a larger screen.

Education: Teachers and students can use this product to connect laptops to projectors or displays during presentations or lectures. The seamless connection ensures that there are no disruptions or delays during the presentation.

Gaming: Gamers can use this product to connect their gaming laptops to larger displays or TVs for a more immersive gaming experience. The high-quality video output ensures that the game looks crisp and sharp.

In conclusion, Jizhi's Type-C To HDMI product is a versatile and high-quality HDMI 1.4 Cable that can be used in a variety of scenarios. Its Type-C To Type-C design and excellent video output support make it perfect for use in business, education, home entertainment, and gaming. Its certification and place of origin ensure that it is of high quality and meets international standards.

Support and Services:

Our Type-C to HDMI product is designed to provide seamless connectivity between your USB Type-C enabled device and your HDMI-

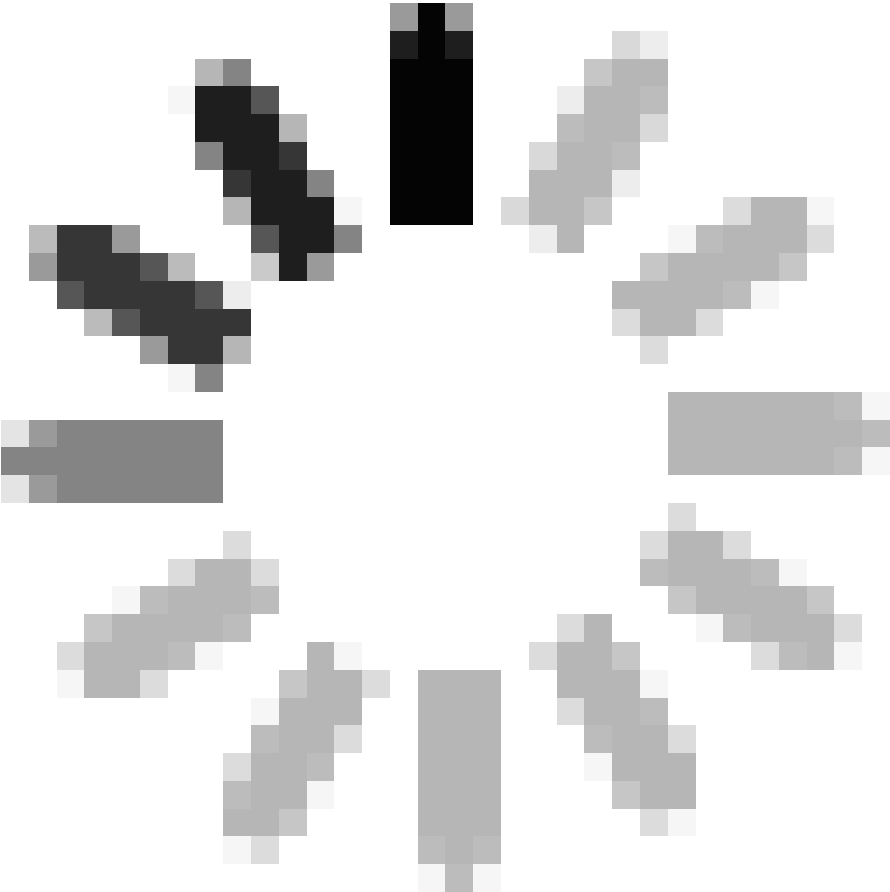

enabled display or projector. It supports resolutions up to 4K@60Hz, delivering crystal-clear picture quality with no lag or delay.
