Applications:

Certified with CE, ISO9001, RoHS, and FCC, these earphones meet high standards for quality and safety. They are manufactured in Dongguan, China, ensuring reliable and consistent performance. The 3.5mm jack type makes them compatible with a wide range of devices, including smartphones, tablets, and laptops.

With a built-in remote control, these earphones allow you to easily adjust the volume, skip tracks, and take calls without having to take out your device. This feature makes them ideal for use while driving or exercising, as you can keep your device safely stored away while still enjoying your favorite tunes or podcasts.

The JIZHI Type-c Wired Earphones also offer a customizable logo and private mold, making them a great choice for businesses or individuals looking to create a unique and personalized audio solution. Whether you're promoting your brand or simply want a one-of-a-kind accessory, these earphones can be tailored to your specific needs.

In summary, the JIZHI Type-c Wired Earphones are a versatile, high-quality audio solution suitable for a wide range of occasions. With their EMF and radiation protection, built-in remote control, and customizable options, these earphones are a great choice for anyone looking for a safe, reliable, and personalized listening experience.
