

Stable Signal Transmission Engineering Cable 23AWG 24AWG 26AWG High Tensile Strength

Our Product Introduction

for more products please visit us on jizhidatacable.com

Basic Information

- Place of Origin: Dongguan China
- Brand Name: JIZHI
- Certification: CE / ISO9001 / RoHS / FCC
- Model Number: Engineering Cable

Product Specification

- High Tensile Strength: Yes
- Printed LOGO: YES / OEM
- High Temperature Resistance: Yes
- Certificates: CE, RoHS, FCC
- Application: Industrial
- Brand: Industrial
- Highlight: 23awg signal transmission engineering cable, power cable engineering 26awg, high tensile strength engineering cable

Product Description

Product Description:

Our engineering cable is certified by CE, RoHS, and FCC, ensuring that it meets the highest standards of safety and quality. You can be confident that you are getting a product that is not only reliable but also compliant with the latest regulations and requirements.

One of the key features of our engineering cable is the ability to customize the processing to meet your specific needs. We understand that every application is unique, and we work with you to create a customized solution that fits your requirements. Whether you need a specific length, connector type, or other customization, we can help.

Our engineering cable is available in two different jacket materials: PVC and LSZH. PVC is a durable and cost-effective material that is suitable for most applications, while LSZH is a low-smoke, zero-halogen material that is ideal for applications where safety is a concern. You can choose the jacket material that best suits your needs.

Our engineering cable is also available in four different jacket colors: grey, blue, white, and black. If you require a specific color that is not listed, we can also provide customized colors to match your branding or application needs.

Finally, we also offer the option to print words or logos onto the cable, allowing you to further customize the product. This is especially useful for branding or identification purposes.

In summary, if you need a high-quality and dependable engineering cable, look no further. Our product is certified, customizable, and available in different jacket materials, colors, and printing options. Contact us today to discuss how we can help with your engineering cable needs.

Features:

Product Name: Engineering Cable

Printing Words On Cable: Customized

High tensile strength: Yes

Application: 100 Base-T4, 100 Base-TX, 100 VG-AnyLAN, 1000 Base-T (Gigabit Ethernet), ATM

Certificates: CE, RoHS, FCC

Conductor Size: 23AWG, 24AWG, 26AWG (Customized)

Technical Parameters:

Application	100 Base-T4, 100 Base-TX, 100 VG-AnyLAN, 1000 Base-T (Gigabit Ethernet), ATM
Printing Words On Cable	Customized
Certificates	CE, RoHS, FCC
Brand	JIZHI
Jacket Color	Grey, Blue, White, Black (Customized)
High tensile strength	Yes
Shield	UTP/ Unshielded
Wear resistance	Yes
High temperature resistance	Yes
Jacket Material	PVC, LSZH

Applications:

The JIZHI Engineering Cable is certified with CE, ISO9001, RoHS, and FCC, ensuring that it meets the highest standards of quality and safety. This cable is manufactured in Dongguan, China, and is the perfect choice for anyone looking for a reliable networking cable.

One of the key features of the JIZHI Engineering Cable is its versatility. This cable is suitable for use with a wide range of networking applications, including 100 Base-T4, 100 Base-TX, 100 VG-AnyLAN, 1000 Base-T (Gigabit Ethernet), and ATM. This makes it an ideal choice for businesses and organizations looking for a networking cable that can handle a variety of different tasks.

The JIZHI Engineering Cable is available in a range of different conductor materials, including BC, CU, CCA, and CCAG. This means that you can choose the cable that best suits your needs and budget. Additionally, this cable is available in a range of different jacket colors, including grey, blue, white, and black. If you have specific requirements, we can also provide customized cables to meet your exact specifications.

Overall, the JIZHI Engineering Cable is a high-quality, versatile networking cable that is perfect for a wide range of applications. Whether you are looking for a cable for your home or business, this cable is sure to meet your needs. So why wait? Order your JIZHI Engineering Cable today and experience the difference for yourself!

Support and Services:

Our Engineering Cable product comes with comprehensive technical support and services to ensure maximum performance and reliability. Our team of experts is available to assist with any questions or concerns you may have regarding installation, maintenance, and troubleshooting. Our technical support services include:

Product installation guidance

Product performance analysis
Maintenance recommendations
Troubleshooting assistance
Repair and replacement services

Our goal is to provide you with the best possible experience when using our Engineering Cable product. For technical support and services, please contact our team of experts.

Packing and Shipping:

Product Packaging:
This engineering cable product will be packaged in a sturdy cardboard box with protective foam padding to ensure safe transport and delivery. The box will have the product name, description, and company logo printed on the outside for easy identification.

Shipping:
We offer free standard shipping for this product within the United States. For international orders, shipping costs will vary based on the destination and weight of the package. We use trusted shipping carriers such as UPS and FedEx to ensure timely and secure delivery. Customers will receive a tracking number via email once the order has shipped.

FAQ:

Q: What is the brand name of the Engineering Cable product?
A: The brand name of the Engineering Cable product is JIZHI.

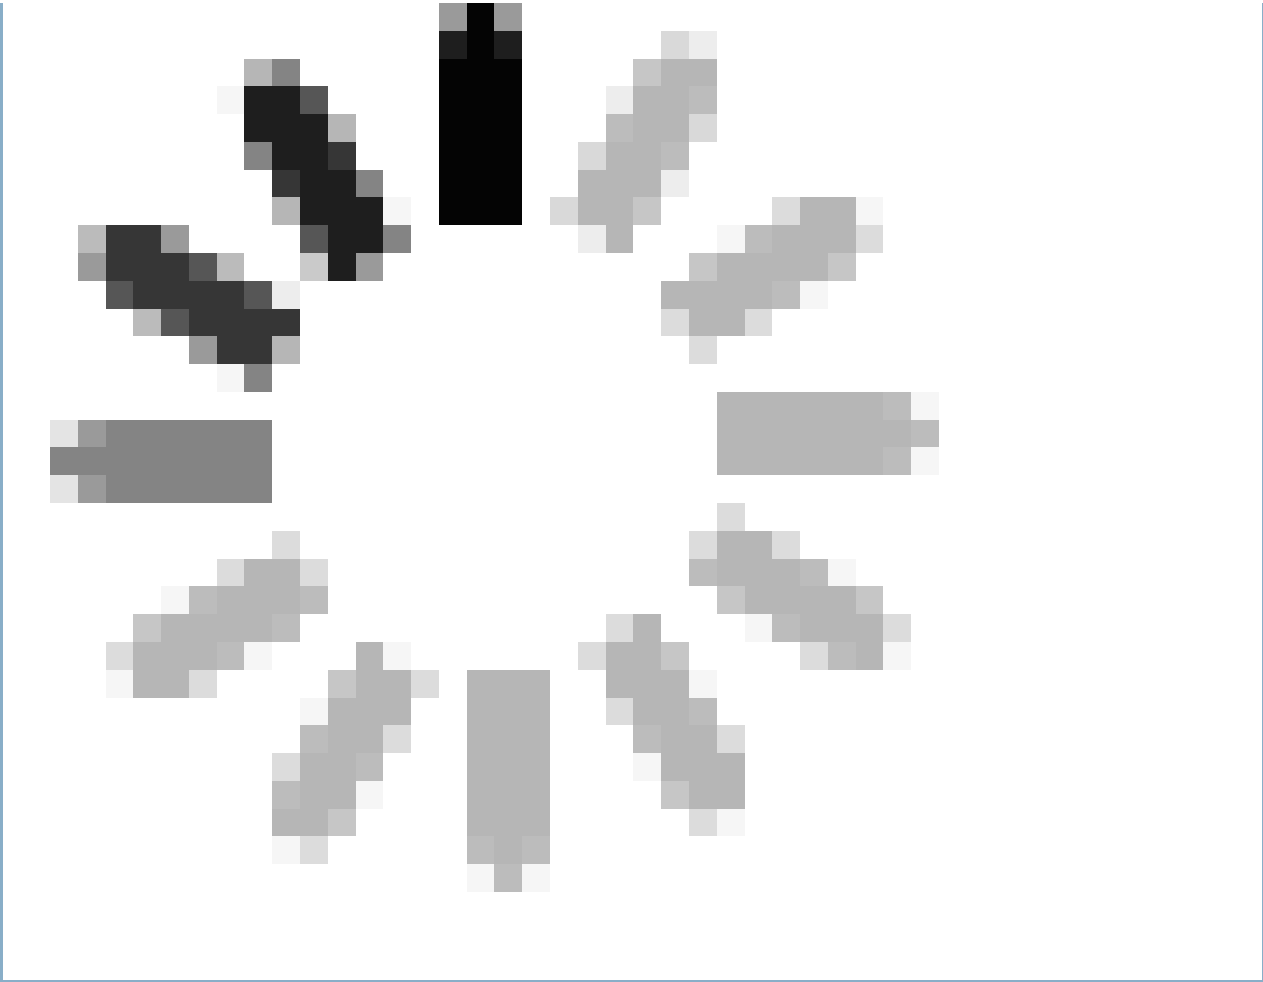

Q: What is the model number of the Engineering Cable product?
A: The model number of the Engineering Cable product is Engineering Cable.

Q: What certifications does the Engineering Cable product have?
A: The Engineering Cable product is certified with CE / ISO9001 / RoHS / FCC.

Q: Where is the Engineering Cable product manufactured?
A: The Engineering Cable product is manufactured in Dongguan China.

Q: What is the length of the Engineering Cable product?
A: The length of the Engineering Cable product varies depending on the specific product. Please refer to the product specifications for more information.
