## Product Description

High performance TYPE-C to HDMI video adapter cable, supporting 4K@60Hz Ultra high definition output, portable multifunctional adapter.

### Product Highlights

4K@60Hz Ultra high definition resolution: Supports up to 3840x2160 resolution, providing clear and smooth picture quality, bringing immersive visual experience.

Plug and play, no driver required: No additional software installation required, simply plug in the device to use, convenient and fast.

Wide compatibility: Suitable for devices that support DisplayPort Alt mode.

Stable transmission: High quality chips are used to ensure stable signal transmission and avoid issues such as screen lag and flicker.

Lightweight and portable: With a compact and exquisite design, it is easy to carry around and meets the needs of various occasions such as business, travel, and entertainment.

High quality material: Made of aluminum alloy shell, it has excellent heat dissipation performance, strong anti-interference ability, and higher durability.

### Usage scenarios

Business Office: Easily connect your laptop to a projector or monitor for efficient presentations and meetings.

Home entertainment: Connect devices such as mobile phones and tablets to the TV to enjoy a large screen viewing and gaming experience.

Professional Design and Creation: Supports high-resolution displays, suitable for designers, video editors, and other scenarios that require high-definition output.

### technical parameter

Interface type: TYPE-C to HDMI

Resolution support: highest 4K@60Hz

Supported devices: Compatible with USB-C devices that support DP Alt mode

Material: Aluminum alloy shell

Length: 1.8 meters (customizable length)
