## Product Description

### Product Description:

Designed with a USB A to USB B connector type, this cable is perfect for connecting a wide range of devices such as printers, scanners, external hard drives, and more. The USB A to USB B connection is a standard in the industry, ensuring compatibility with various devices.

Featuring a sleek black color, this USB cable not only looks stylish but also blends effortlessly with your existing tech setup. The black color adds a touch of sophistication to your workspace or entertainment area.

When it comes to compatibility, this USB 2.0 cable is designed to work seamlessly with USB 2.0 devices. Whether you need to transfer data, charge your devices, or sync files, this cable is up to the task. Its versatility makes it a must-have accessory for your home, office, or on the go.

The connectors of this USB cable are gold-plated, ensuring a reliable and stable connection every time you plug in. The gold-plated connectors offer enhanced durability and conductivity, minimizing signal loss and ensuring a fast and efficient data transfer experience. Whether you need a 3 in 1 USB charging cable, an Android Micro USB cable, or an iPhone USB sync cable, this USB 2.0 cable has got you covered. Its multi-functionality makes it a practical solution for all your charging and syncing needs. With just one cable, you can charge multiple devices or transfer data between different platforms.

Invest in the USB 2.0 Cable today and experience the convenience and reliability of a high-quality connectivity solution. With its durable construction, versatile compatibility, and stylish design, this cable is the perfect companion for your digital lifestyle.

### Features:

Product Name: USB 2.0 Cable

Connector Type: USB A To USB B

Conductor Material: Copper

Color: Black

Shielding: Foil And Braid

Type: Data Cable

### Applications:

Custom USB 2.0 Cable is a versatile product suitable for a wide range of application occasions and scenarios. With its high quality and reliable performance, this cable is ideal for various uses including:

1. Fast Charger Cable: The Custom USB 2.0 Cable is perfect for charging your devices quickly and efficiently. Whether you are at home, in the office, or on the go, this cable ensures a fast and stable charging experience.
2. Data Transfer: This cable is compatible with USB 2.0 devices, making it suitable for transferring data between devices such as computers, smartphones, cameras, and more. You can rely on this cable for seamless and speedy data transfers.
3. High Speed USB Extension Cable: Need to extend the reach of your USB devices? The Custom USB 2.0 Cable is the perfect solution. With its 3 feet length, this cable provides the flexibility you need to connect your devices over longer distances without compromising on speed or performance.

Manufactured in Dongguan, China, this USB cable meets the highest standards of quality and safety. It is CE and ROHS certified, ensuring that it complies with all necessary regulations and requirements.
