- Warranty: 1 Year
- Length: 3 Feet

Product Description

Product Description:

The High Speed USB Extension Cable is a versatile and reliable Data Cable designed for use with USB 2.0 Devices. This BS Standard Cable is constructed with high-quality materials to ensure optimal performance and durability. One of the key features of this USB 2.0 Cable is its Conductor Material, which is made of high-grade Copper. Copper is known for its excellent conductivity, providing a stable and efficient connection for your devices. The Jacket Material of this USB Cable is made of durable PVC, offering protection against wear and tear, making it ideal for everyday use. The PVC jacket also adds flexibility to the cable, allowing for easy handling and storage. For enhanced performance and reliability, this USB 2.0 Cable is equipped with Shielding in the form of both Foil and Braid. This dual shielding design helps minimize interference and ensures a stable connection for your data transfer needs. Whether you need to connect your printer, scanner, external hard drive, or other USB devices, this Braided USB Cable provides a secure and efficient solution. Its high-quality construction and design make it a reliable choice for your connectivity requirements. With a length of [insert cable length], this USB 2.0 Cable offers flexibility and convenience when connecting your devices. Whether you need to extend your reach or replace an existing cable, this High Speed USB Extension Cable is designed to meet your needs. Upgrade your connectivity with this premium USB 2.0 Cable. Its high-speed data transfer capabilities, durable construction, and compatibility with USB 2.0 Devices make it an essential accessory for home, office, or on-the-go use.

Features:

Product Name: USB 2.0 Cable
Compatibility: USB 2.0 Devices
Type: Data Cable
Jacket Material: PVC
Shielding: Foil And Braid
Transfer Speed: 480 Mbps

Applications:

Custom USB 2.0 Cable is a versatile and reliable accessory that is designed for a wide range of product application occasions and scenarios. With its high-quality features and specifications, this cable is a must-have for individuals and businesses alike. Whether you need to connect your printer, scanner, or external hard drive to your computer, the Custom USB 2.0 Cable is the perfect solution. Its USB A to USB B connector type ensures a secure and stable connection for seamless data transfer. The gold-plated connector plating enhances conductivity and durability, making it ideal for daily use. For individuals looking to transfer data quickly and efficiently, this cable is a great choice. It supports a transfer speed of 480 Mbps, allowing you to transfer large files such as videos, photos, and documents in no time. Whether you are using a 3.0 USB flash drive or an Android Micro USB cable, this product will meet your needs with ease. Businesses can also benefit from the Custom USB 2.0 Cable in various scenarios. From connecting peripherals in the office to transferring data between devices, this cable offers a reliable and cost-effective solution.
