- Connector Type: USB A To USB B
- Shielding: Foil And Braid
- Length: 3 Feet
- Transfer Speed: 480 Mbps
- Conductor Material: Copper
- Material: PVC
- Color: Black
- Compatibility: USB 2.0 Devices

Product Description

Product Description:

The USB 2.0 Cable is a versatile and high-quality accessory that serves multiple purposes. With its gold-plated connectors, this cable ensures reliable connectivity and efficient data transfer. The use of PVC material in its construction enhances durability and flexibility, making it a long-lasting solution for your charging and data transfer needs.

Designed to provide a seamless data transfer experience, this cable offers a transfer speed of 480 Mbps. Whether you are transferring large files or syncing data between devices, this cable ensures a fast and stable connection. The gold-plated connectors not only enhance the speed but also provide a secure fit, minimizing the risk of disconnection during usage.

When it comes to shielding, the USB 2.0 Cable is equipped with foil and braid shielding. This dual-layer shielding design minimizes interference and ensures reliable data transmission. Whether you are charging your devices or transferring important files, this cable maintains signal integrity to deliver a smooth and uninterrupted user experience.

The sleek black color of this cable adds a touch of sophistication to your setup. Whether you are using it in the office, at home, or on the go, the black color complements various devices and environments. The understated yet elegant design makes it a versatile accessory that blends seamlessly with your tech accessories.

With its 3 in 1 USB charging cable design, this product offers versatility and convenience. Whether you need to charge your Apple Lightning devices, connect your cell phone, or transfer data between different devices, this cable has you covered. The compatibility with multiple devices makes it a must-have accessory for users who have a variety of gadgets.

Whether you are looking for an Apple Lightning to USB cable, a cell phone USB cable, or a reliable charging solution, the USB 2.0 Cable is a versatile option that meets all these requirements. Its durable construction, high-speed data transfer capabilities, and universal compatibility make it a valuable addition to your tech accessories collection.

Features:

Product Name: USB 2.0 Cable

Jacket Material: PVC

Shielding: Foil And Braid

Connector Plating: Gold-plated

Type: Data Cable

Transfer Speed: 480 Mbps

Applications:

Custom USB 2.0 Cable is a versatile and reliable accessory suitable for a wide range of product application occasions and scenarios. Whether you need to charge your Android device, transfer data between devices, or connect peripherals to your computer, this USB cable is an essential tool to have in your collection.

Designed and manufactured in Dongguan, China, this USB 2.0 cable from Custom meets the highest quality standards and is certified with CE and ROHS certifications. The cable's durable PVC material ensures long-lasting performance, making it ideal for both personal and professional use.

The USB A to USB B connector type of this cable allows for seamless connectivity with various devices, providing a fast and reliable data transfer speed of up to 480 Mbps. Whether you are connecting your smartphone, tablet, printer, or other compatible devices, this cable ensures efficient and stable performance.

Priced competitively at \$3000, the Custom USB 2.0 Cable offers excellent value for money. With a quick delivery time of 2-5 working days, you can rely on this cable to meet your urgent connectivity needs without any delays.

The sleek black color of the cable adds a touch of sophistication to your setup, while the high-quality copper conductor material ensures optimal signal transmission and charging efficiency. Whether you need a fast charger cable for your Android device or a reliable data transfer solution, this USB cable from Custom is the perfect choice for all your connectivity needs.
